## CITY COUNCIL RAISES SALARIES OF EMPLOYEES

P. A. C. Infirmary Is Granted Increase of \$100—Committee On New Streets Makes Report.

That the members of the city administration were in a liberal frame of mind at the regular monthly meeting of the council Thursday night, is evidenced by the increases granted in the salaries of all the various city employees,—"H. C. L." being the reason of it. The meeting last night was well attended and with Mayor Evans presiding the following members were present: Councilmen Terrill, O'Neil, Golden, Allman, Powell and Mershon. Dr. Homer W. Carpenter, pastor of the First Christian church, asked the divine blessing upon the constructive work the body is doing after which the mayor called on the clerk for the minutes of the last meeting together with report of expenditures for the month of March.

City Collector Jesse Dykes reported \$265, collected during the month, distributed as follows: General fund, \$208.61; school fund, \$34.75; sinking fund, \$10.97.

Street Commissioner, J. H. Allman reported expenditures of \$394 to cover labor and repairs. He further reported that due to repairs being made on the crusher and street machine, nothing much has been done on the streets during the month.

Chief of Police Devore attached a check to his report showing collection of fines amounting to \$260 during the month.

Upon motion of the Mayor, Councilman O'Neil was requested to make a statement to the council covering the trip to Cincinnati by representatives of the council and the Citizens' Committee, in connection with the street bonds. He said that they had called on the chief engineer of that city and gained some very satisfactory information in regard to street building and were able to get in touch with a highly competent engineer to look after the local job. He further stated that this committee had loaned the money realized from the bond issue to a Cincinnati house for 5 per cent interest which would save the city from paying any interest whatever on the money while waiting the street work to begin.

Upon urgent appeal of the committee in charge of the P. A. C. Infirmary for more funds to be donated by the city for the maintenance of this public institution, it was moved by Councilman Terrill that the amount appropriated to the Infirmary be raised from \$500 to \$600 per year. The ladies went away very much pleased with their efforts after thanking the Mayor and members of the council.

Dr. Carpenter and Mr. Waller Bennett made urgent appeals in behalf of this institution.

Following Councilman Golden's report from the citizens of Smith-Ballard street, the body recommended that the street committee employ a local engineer to figure on cost of repairs on the lower end of this street and make same as soon as possible. This portion of the street is reported to be in very bad condition. Councilman Mershon reported that repairs had been made in the City Collector's office as recommended at the last meeting. Councilman Golden reported of the city quarry and machinery in first class condition.

A petition signed by Chief Devore and members of the police and fire departments was read to the body asking for an increase in salaries, the present high cost of living being given

## Lincoln County Baby Killed By Mule's Kick

Stanford, April 4. The three-year-old son of Mr. and Mrs. Charlie Rankin, of near Preachersville, was instantly killed yesterday afternoon by being kicked by a mule. The little child, who was named for his father, was the idol of the parents and they are just broken hearted.

A cablegram has been received by Mrs. Anna Floyd Foreman, out on Route No. 5, saying that her husband, James Arnold Foreman, died "over there" March 19th, of pernicious anaemia. Mrs. Foreman knew that her husband had been ill, but the last she heard was that he was better and would soon be out of the hospital. He was with the field artillery. Before volunteering in the service about a year ago, Mr. Foreman was a valuable employee of the International Harvester Company, and the report of his death is greatly lamented by the company.

Logan Hubble sold to Howard Vansardall, of Harrodsburg, a walking gelding for \$300.

Mrs. Harvey Helm has sold her plantation at Columbus, Miss., to Messrs. Bob Henry and Theo. Curry, of Lancaster, for \$27,000. Mrs. Helm will return here this week.

Mrs. E. C. Walton is spending several days in Louisville with her sister, Mrs. A. Mims, of Catlettsburg, who is there.

W. S. Embry, who has been suffering from influenza, is thought to be slowly improving.

Jim Singleton, who was arrested here Wednesday because he was drunk, was tried yesterday afternoon and fined \$25 and his auto license taken away from him. He is from Crab Orchard.

## IMPORTANT ANNOUNCEMENT

The committee being unable to get the Masonic Temple for the banquet to the returned soldiers and sailors Tuesday evening, announce they will have it at the First Christian church at 6 o'clock. Don't forget the date April 8th, Tuesday evening, at 6 o'clock at the First Christian church.

FOR SALE—White S. C. Leghorn eggs; \$1 for setting of 15; Mrs. Butler Carrier, phone 488 104 6

FOR SALE—S. C. White Leghorn eggs; Maywood strain; 75c per 15 or \$4.50 per 100. Mrs. Charles Gentry, phone 8203, Richmond, star route. 10106p

As their reason. After much discussion by all members, it was moved by Councilman Golden, seconded by Mr. Mershon, that the salaries of all police, firemen, Collector Dykes, and Street Commissioner Allman be raised to \$35 per month, and that of City Clerk Ed Blanton be raised from \$50 to \$65. The motion was carried to take effect immediately.

A petition was read signed by the citizens living on Altamont street asking the body for a water line and fire plug along this street, which was turned over to the street committee for further action. Mr. Daugherty stated to the body that this would cost a large sum with prices of material so high at present.

With all bills paid and audited, and no further business before the meeting, it was adjourned.

BEGINNING Saturday March 29th and running two weeks, we will have on display brooms at prices that will sound good. D. B. McKinney & Co. if

## PHILIPPINE DELEGATION SEEK INDEPENDENCE

Secretary of War Baker Says Time Has Come To Grant Them Independence.

(By Associated Press) Washington, April 4—Members of a special mission of the Philippine legislature are here seeking immediate independence of the Islands. They were told today that by Secretary Baker that he spoke President Wilson's mind when he said he believed the time had come to grant complete independence if desired by the Philippine people.

The Secretary of War also said he believed the mission could carry home word to their people that the Americans too dearly loved liberty to deny it to others. He read a letter left by President Wilson before he went to Europe, expressing hope that the mission would bring about desirable ends set forth on a joint resolution of the legislature.

Francis Burton Harrison, Governor General of the Philippines, followed Secretary Baker with a statement of his experience in the Islands. According to his statement, obstacles to independence that appeared to exist a few years ago, had been cleared away.

## Miss Ballard Dies At Berea

Miss Nannie Ballard died at the Robinson hospital, Berea, Thursday night. She had been in declining health for several years, but her death came as a shock to her family and friends, as she had returned from Florida and was thought to be very much benefited when she was taken suddenly ill and removed to Berea on Wednesday. She is survived by two brothers, Mr. John W. Ballard, who is now in Los Angeles, and Mr. Leslie Ballard, of this county. She was from early girlhood a devoted member of the Presbyterian church; was kind and generous spirited to her many neighbors and friends. Funeral arrangements had not been made when the Daily Register went to press.

## FUNERAL OF MRS. GENTRY

The funeral services of Mrs. Nancy Gentry, will take place from her late residence on Hallie-Irvine street, Saturday afternoon at three o'clock, conducted by Rev. D. H. Matherly. Friends of the family are invited to attend.

## President Wilson III With Severe Cold

(By Associated Press)

Washington, April 4—President Wilson is confined to his bed in Paris by a severe cold, Rear Admiral Grayson, the President's physician, cabled Secretary Tumulty today. The President caught cold yesterday and was unable to be about, although his condition is not regarded serious.

Paris, April 4—Although President Wilson is confined to his room today with a cold, the Council of Four met in Paris (White House) as usual. It is understood that necessary matters will be referred to the sick room or that the conference will consult the President personally if the occasion arises. Col. House took the President's place at the meeting today.

## Thinks Banquet To Soldiers Is Premature

Apropos of the banquet to the returned soldiers and sailors planned as the opening event of the Demobilization Conference here next week, the father of a soldier who is still in Europe with the American army, asks the Daily Register to publish the following:

Why Not Wait Awhile?

As there are committees out soliciting funds to entertain the boys who have returned home from the army, why not wait until they all get back and have a grand rally for all? What will our boys in France now think of us when the paper goes over there and they see that we have given a banquet in honor of the boys at home? I have given to the Red Cross, Y. M. C. A., and Knights of Columbus, and as my boy is still in France and a great many more from Richmond and Madison county, I think that this committee is a little premature. W. T. L.

## Denies Dissensions Between France and England

(By Associated Press)

Paris, April 4—Bulletin—In a statement to the Petit Parisien, Premier Lloyd-George, of Great Britain, denies that there are dissensions between France and England regarding the guarantee for France against Germany. He also declares that an understanding between the two governments is complete and that England is ready to make fresh sacrifices if necessary to secure peace and independence of France.

"I have seen the storm of war loosed twice on France by Germany," the Premier told the Petit Parisien. "We do not intend that there shall be a third time, and should it be fifty years hence, France will again find England by her side with all her wealth and power for mark well my words, the wild beast must be mastered, and it is mastered at present, but if one day it raises its head ready to spring, it will find itself again faced by France and England united in brotherhood."

## Chief Surgeon Charges Gross Carelessness

(By Associated Press)

Washington, April 4—Charges of gross carelessness and negligence in preventing and controlling the spread of typhoid and paratyphoid fevers in the army, were made against many medical officers serving with the forces overseas, in a circular published by the Chief Surgeon of the American Expeditionary Forces, and made public here today. In connection with warnings that vaccination does not give complete immunity from typhoid, the Chief Surgeon cited many instances where epidemics prevailed among the troops, especially during the last offensive on the western front, and declares that many officers utterly failed to grasp the significance of these reports and warnings due to false belief that vaccination gave immunity. The circular issued disclosed that 75 per cent of the troops in the Chateau Thierry offensive were afflicted with diarrhoea, and that after the Argonne offensive typhoid was reported from virtually all divisions.

## Tobacco Men Called To Meet At Louisville

Commissioner of Agriculture Mat S. Cohen has sent out the following of interest to tobacco growers:

To Those Interested in the Tobacco Industry:

At a meeting called in Lexington, Ky. March 28th, of this year, a tentative organization of the Loose Leaf tobacco warehouse of this commonwealth was formed, and in order that not only those who are associated or connected with the loose leaf tobacco warehouses, but all those who are interested in the planting and growing of the 1919 crop may be heard, relative to this organization, a meeting will be held in the Board of Trade building, Third and Main streets, Louisville, Ky., at 1 o'clock p. m., Saturday, April 12th, 1919, and to which every farmer who contemplates growing tobacco this year and every one who is directly or indirectly interested in the loose leaf warehouses of this state, or directly or indirectly interested in the tobacco industry, is most earnestly and cordially invited to attend this very important meeting, and join in the discussion as to the necessary course of procedure to prevent the planting of the contemplated acreage of tobacco in Kentucky this year, which, if carried out as contemplated, will undoubtedly result disastrously to those so engaged. ## HERO OF CHATEAU THIERRY AT HOME

T. E. Dawson, Thrice Wounded In This Battle, Spending Few Days With Parents Here.

One of Madison's real heroes is back: T. E. Dawson, son of Mr. J. T. Dawson, of the county, who only recently returned from the battle fields of France, is just out of the hospital after being confined for five months from wounds received in the battle of Chateau Thierry. Young Dawson was one of the first boys to be sent from this county, and on the 4th of last March, was assigned to the 126th Infantry and sailed with the 32nd division. On the 4th of August this division was sent into the battle at Chateau Thierry and it was while rushing a machine gun nest that he received three severe wounds, one going thru his body, one through his leg and the other through his arm. He has entirely recovered and shows no ill effects from his trying experiences. He will return to Camp Taylor in a few days where he will receive his final discharge.

## Lancaster Phone Company To Go Out of Business

An important notice addressed to Mayor John M. Duncan, the city Council and general public of Lancaster appears in today's issue of the Central Record stating that the Bastin Telephone Company, which supplies the city of Lancaster with phone service will upon reasonable and legal notice to the city and public suspend business as given by J. W. Creech, President of the company as embodied in the following clipping from their public notice as follows:

Why is the Bastin Telephone Company forced to quit business in Lancaster? Because the Company loses every month that it carries on business in Lancaster. It has no franchise to do business in this city and the rates it is allowed to charge under the present arrangement yields an insufficient income required to meet the expenses of the Company. Labor and materials required to conduct a telephone business are very high and the telephone rates which it is permitted to charge are lower than any other Telephone Company in the state operating under similar conditions. The annual loss to the Company in its Lancaster business is very large and will eventually bankrupt, not only the Company, but the owners of the stock who have constantly contributed from outside sources to the business under the hope that some steps would be taken by the public to give the Company relief. Being thus far disappointed it finds no course save to discontinue business. To dismantle this plant which has been built at a large cost will entail upon the owners of the enterprise a cruel loss. However, something can be saved by disposing of the wreckage at this time while material is high and in demand.

The management states frankly to the public that this conclusion is forced on the company to the deep regret of its owners and management. Every step that ingenuity could suggest to the officers of the Company have been tried out already, without any accomplishment. Its most recent plan tried was to rebuild lines, overhaul the system throughout, change the management, all to give the best service possible to the public and after this an appeal was made to the city officials for relief and its petitions ignored, the Company has no other course but to quit business. It publishes this frank statement with the explanation herein as legal notice to the City of Lancaster, Ky., and the general public.

**VOICES CONTEMPT FOR FOE FIGHTERS**

REPORTS OF FRATERNIZING BY AMERICAN AND FOE TROOPS DENIED BY RED TRIANGLE WORKER.

Chicago.—Reports of fraternizing of allied and foe troops following the signing of the armistice on the western front are denied in a letter from H. B. Stecher, Racine, Wis., received at the offices of the national war work council, Y. M. C. A., here.

Stecher was a Y. M. C. A. worker attached to the Ninety-first division. He served for more than six months on three fighting fronts—at St. Mihiel, in Flanders and the Argonne. Twice he was cited for bravery and awarded the D. S. C.

Before going to France to serve as a "Y" worker Stecher was associated with the Hamilton Beach Manufacturing company at Racine. Formerly he was a member of the California National Guard when he was living in Los Angeles, Cal. His parents, Mr. and Mrs. M. D. Stecher, live in Chicago.

Referring to reports of fraternizing of the troops Stecher says: "Certainly there was no attempt or desire on the part of the men of our division to fraternize with our much-despised opponents, and had there been, the officers would not have permitted it. As a matter of fact the guns were going right up to the time the armistice went into effect. You see, our boys have had a mighty good chance to size up the caliber of the other side, and had the Germans shown any indications of good sportsmanship in the fighting no doubt we would feel some little respect for them. Having been a dough-boy myself in the past, and now having gone through all the fighting with my division, I believe my viewpoint is the same as that of the majority of our division, and, personally, I have the utmost contempt for the German soldier, his methods and his ideals."

**MAJOR GENERAL PRAISES SERVICE OFFERED BY "Y"**

Spread upon the records of the Third division, A. E. F., and just brought to the attention of the national war work council of the Y. M. C. A., is a general order issued by command of Major General Dickman, which "Y" officials have hailed as an emphatic answer to charges that Red Triangle workers had avoided the danger zones in France and had wrung exorbitant prices from the soldiers for the comforts which the association had sent overseas. General Dickman directed that a copy of the order be sent to every one of the thirty-four men and six women who went with the division through the fighting of Chateau-Thierry and along the Marne, to St. Mihiel, and later into action north of Verdun and along the Meuse.

The Y. M. C. A. has made public General Dickman's order along with a communication from Col. J. C. Rhea of another division which was in the St. Mihiel fighting. Colonel Rhea gave figures showing the large amount of supplies which were distributed in his division by "Y" secretaries without charge.

**GREAT EDUCATIONAL PROGRAM PLANNED**

Paris.—General Pershing has signed an order establishing an American Army university in France to accommodate 15,000 to 20,000 soldier students. The school will be opened at Beaune at the same time the main office of the Y. M. C. A. army educational commission will be moved from Paris to Beaune.

Courses in engineering, literature and fine arts, science, music and the like will be offered. It is expected that one of the four agricultural exhibits which have been prepared by the department of agriculture in co-operation with the Y. M. C. A. will be a permanent feature at Beaune.

The Y. M. C. A. war work council announced that the cost of the educational program in the A. E. F. had now reached \$700,000 a month. Books and supplies costing \$1,800,000 have been sent overseas. The army pays for the books and distributes them to the soldier students.

To Improve Idle Time. Wherever there are as many as 500 reasonably stationary soldiers, sailors and marines at the base camps or the ports of shipment or with the army of occupation there will be educational courses supervised by the Y. M. C. A. For those who are to be moved in a few weeks there will be short courses, but there will be something to interest every one.

**"Y" Operates Hotels.**

London.—Half a dozen London hotels, including the Palace, Cosmo and Grafton, have been taken over by the American Y. M. C. A. and are now in full operation. This addition to the war plant of the "Y" is required by the even more comprehensive period of occupation program which has been set up in the United Kingdom by the Y. M. C. A.

# TELLS OF THRILLS WHEN SHELLS FLY

MAN WHO SAW WAR ON FOUR FRONTS ESCAPES DEATH MANY TIMES WHILE SERVING SOLDIERS.

Chicago.—More than 700 Y. M. C. A. workers saw service with the soldiers of the American expeditionary force in the front lines during the last months of the war.

Frank M. Van Epps, seriously wounded while serving as a Y. M. C. A. worker in the Argonne, told of some of his experiences in a talk at the Y. M. C. A. college here:

On the way to France last April on the Oronzio, Van Epps and 56 other “Y” men narrowly escaped drowning when the ship was torpedoed by a German U-boat.

Van Epps was divisional secretary of the Y. M. C. A. outfit. He worked with the Fifth division until the armistice was signed. He was dressed up in a doughboy's uniform when he arrived here. A limp and a kitbag slung over his shoulder containing what is left of his equipment complete his souvenirs of more than six months' service overseas.

Van Epps saw the war on four fronts in France and Alsace, serving in the first-line trenches on two of them. When the Oronzio was torpedoed on April 29 60 miles off the coast of Wales U-boats “got” two out of a convoy of seven steamships. The Oronzio went down in 12 minutes after she was struck, and Van Epps and other “Y” men lost all their baggage. They were picked up by a torpedo-boat destroyer and landed at Hollyhead, Wales.

In Front Line.

In southern and middle Alsace, Van Epps was in the first-line trenches and at St. Mihiel, when the drive opened, he became a stretcher bearer after his supplies ran out. Getting word to shift to the Argonne, he traveled all night by train, on trucks and afoot, and spent the next three weeks sleeping in shell holes and trenches when he was not at work.

At Madeleine farm, on October 18, Van Epps and Thomas F. Hadley of Iowa, another Y. M. C. A. man, set up shop in an old barn. All but three of the twenty-five “Y” workers went back to get supplies. The barn had been under shell fire for several days, but Van Epps and Hadley decided it was good enough to sleep in. They built a bed of boxes of jam, with a tub of chewing tobacco for a pillow and lay down.

Half a mile back, an American battery was hammering the Germans, and two German airplanes came over looking for the position. They let go two bombs which landed on each side of the barn. Soon came a third, which struck the roof, bringing down a mass of rafters and beams and scattering shrapnel. A splinter was driven through the calf of one of Hadley's legs and a piece of shell tore through both of Van Epps' thighs.

After dressing stations and field hospitals had finished with them they spent half a day in an ambulance and then were put aboard a French hospital train, where they remained another two days. One of these days was Sunday, so Van Epps, at the suggestion of some of the doughboys, “put on” a service, conducting it propped up in his stretcher.

## Soldiers to Study.

Paris.—With the arrival of General Rees from Washington on detail from the war department to take charge of the army educational work, progress has been rapid along the lines laid down in the program submitted by the Y. M. C. A. army educational commission. Text books required to satisfy the demands of the men for instructions are coming overseas rapidly, according to Prof. John Erskine of Columbia university, chairman of the “Y” commission; post schools are starting up at the rate of 40 to a division and groups of officers and men are being absorbed by French and British universities to the limit of their capacity.

## General Praises Y. M. C. A.

Paris.—There are some fools in the Y. M. C. A., according to Brig. Gen. J. P. O'Neil of the Ninetenth division. “Our Y. M. C. A. is everything to be desired,” said the general. “Among the employees are some fools. One of them was such a fool that he would not stay away from the front line, and he got so tied up with Boche shells and other projectiles that we were forced to recommend him for a Distinguished Service Cross. That is a sample of the men you have sent to us. Please keep this work up and whether I am commanding this division or not, the things that you have done will make a lasting impression upon it.”

## Honor “Y” Worker in Russia.

News that the general commanding the American allied expedition in northern Russia, had recommended Howard B. Merrill of New York, a Y. M. C. A. worker, for suitable recognition of his cool behavior during a surprise attack on the forces he was serving, is conveyed in a delayed cablegram received at the Y. M. C. A. national war work council office.

## Plan Educational Courses.

English universities are preparing to welcome the American officers and men designated to take collegiate, special or post-graduate courses there in accordance with the scheme of the army educational commission conducted by the United States army and the American Y. M. C. A.

It is very appropriate that the name be given the field, for it is certain that no more intrepid flyer nor more excellent young man has ever operated there, to say nothing of his giving his life for the cause that he so greatly loved.

## Richmond Daily Register

J. M. Saufley, Editor & Proprietor

Entered at the postoffice in Richmond, Ky., as second class mail matter under Act of Congress of 1875.

The Daily Register is a member of the Associated Press which is exclusively entitled to the use for publication of all news credited to it or not otherwise credited to this paper, and also the local news published herein. All rights of publication of special dispatches herein are also reserved.

The Lancaster Record was 30 years old this week. Few country papers anywhere have shown the improvement that this splendid weekly has evidenced during the past year. It owns its own home, and has a splendid equipment and hustling management, and completely fills the newspaper needs of its splendid little city and county.

Col. W. P. Walton, veteran newspaperman and once editor of the old Climax here, has been appointed receiver of the State Reform School by Gov. Stanley. Few men in the state have done as much hard work for the Governor or so well deserve to be rewarded.

## Wanted Bids On School Houses

By order of the County Board of Education, sealed bids will be received till noon, Saturday, April 26, 1919, for building a one-room school house at Log Cabin.

Bidders must be prepared to give bond with bid. The right to accept or reject any or all bids is reserved by the Board. Plans and specifications may be seen at the Superintendent's office at the court house.

Also, at the same time and under the same terms and conditions, bids will be received for the erection of a two-room building at Speedwell. Plans and specifications may be seen at the County School Superintendent's office at the court house.

**Time Brings Happiness With The Dawn**

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the generation to come.

There is a splendid preparation women for over half a century have applied before the birth of their children, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriad of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, bearing-down pains, strain and general discomfort more often than otherwise experienced when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time at the crisis is shorter and pain and danger is naturally avoided. Write the Bradford Regulator Company, Dept. E. Lamer Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.

**When the Baby Needs a Laxative---**

No one knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-waters, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, so often followed by an unpleasant reaction.

A better plan is to employ a mild, gentle laxative of which only a little is required. There is a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin that thousands of mothers have used successfully for baby's constipation and its accompanying ills, such as belching, wind colic, restlessness, sleeplessness, etc.

The nursing mother will also find it ideal for herself, and it is especially important that she be free from constipation.

Syrup Pepsin is guaranteed to do as promised or the druggist will refund the money. Thousands of cautious families have it in the house, secure against the little ills.

**Dr. Caldwell's SYRUP PEPSIN**  
**The Perfect Laxative**

**PRICE AS ALWAYS**

In spite of greatly increased laboratory costs due to the war, by sacrificing profit and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

**FREE SAMPLES**

If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

WE are receiving fresh fish daily, and now's the time to cut down those heavy meat bills. Fish is easier on the constitution, and does away with the doctor's bills. Have you tried a bucket of our Serv-Us Shortening—the butter substitute for cooking, only \$1.30 for No. 5 bucket. We handle Stanford Creamery Butter. Neff's Fish and Oyster House, phone 431. 106

**Why Colds Are Dangerous.**

You are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer the cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

YOU go through life just once, so why not live by the way? Rookwood Coffee sold by D. B. McKinney & Co. will make life worth living. 103 5

**To the men on the farm who need clothes this spring**

THERE'S one thing you want to be sure of when you buy clothes—you want to know that they're good.

That isn't so easy if you depend on the looks of the clothes; they're all made to look nice—if they weren't nobody would buy them.

No, "looks" alone don't make good clothes—though style is an important part of it.

The big thing is the part you can't see; the tailoring inside; the interlinings; the all-wool fabrics. Those things give you the wear; the service.

At this store you can be sure you're getting the best of all of them; we sell Hart Schaffner & Marx clothes, which are as good inside as they look outside.

All-wool fabrics for long service; careful tailoring; good style; a guarantee of absolute satisfaction or your money back.

### Why Take Calomel?

Dr. Thacher's Liver & Blood Syrup  
will do all that calomel will do and  
without the "after effects."

Years ago, when people were bilious,  
when the liver got lazy and failed to do  
its work or the stomach was out of  
condition, calomel was the standby.

By and by the users of calomel found  
that the "after effects" of taking the  
drug were as bad and more often worse  
than the ailment for which it was  
taken.

Dr. Thacher, in seeking a medicine  
to take the place of calomel—one that  
would do all the good that calomel  
would do, and yet leave none of its evil  
effects perfected Dr. Thacher's Liver &  
Blood Syrup. This was in 1852, and  
each year since has added to the confi-  
dence of those who have used it.

Mrs. Susie Brewer, of Chattanooga,  
Tenn., tried calomel. She was suffer-  
ing with a very serious cold and grippe  
and had no appetite whatever. After  
the calomel failed she tried Dr. Thacher's  
Liver & Blood Syrup. She felt  
better after taking three doses and she

## U. S. FIGHTING MEN WANTED A CHURCH

REPORT OF Y. M. C. A. IN CENTRAL MILITARY DEPARTMENT CONTAINS INTERESTING INFORMATION.

Chicago.—Uncle Sam's soldiers and sailors go to church. Figures showing attendance at religious services in Y. M. C. A. huts in military camps of the central department prove it.

Attendance at the religious meetings and Bible classes held in the huts between May 1, 1917, and December 31, 1918, was more than 5,280,000.

A. H. Lichty, executive secretary of the central department of the national war work council of the Y. M. C. A., has issued a report covering statistics of the Y. M. C. A. activities in the 131 huts in Central department camps. Mr. Lichty is in command of nearly 1,000 workers. Before coming to Chicago for war work he was secretary of the Ohio State Y. M. C. A. During

A. H. LIGHTY.

his administration more than 2,500 men and women have been recruited in the 14 Central states for overseas service with the Y. M. C. A.

The number of letters written in huts in the 33 military camps totaled 62,798,410. The total attendance was 60,608,806.

Movies were the most popular feature of the "Y" service in the camps. The attendance at the 12,496 motion picture shows was 5,979,303, an average of more than 400.

The "Y" educational features were popular. In the 20 months 7,570 lectures were heard by 2,202,810 soldiers and sailors. The 69,272 classes of various kinds drew 1,394,418 and the 982 science and art clubs 62,530. For the American Library association the "Y" passed out 1,423,668 books.

### Athletics Popular.

The number of participants in athletic contests under the direction of the "Y" was greater than the number of spectators. There were 5,398,250 in the contests and 4,487,017 "looking on."

The 902 workers in the 131 huts in the army and navy camps and the 184 S. A. T. C. units passed out to America's fighting men 510,432 Scriptures. There were 282,229 personal interviews on the subject of religion; 52,754 decisions to accept the Christian faith and 117,770 signed the "war roll" pledging themselves to a Christian life.

The 17,361 entertainments not including movies, drew 6,781,646 soldiers and sailors.

The fighting men were thrifty. In the period covered by the report the "Y" sent home for the enlisted men \$3,996,025 in money orders.

### "Y" to Open Clubs for Troops.

At the request of the French minister of marines the Y. M. C. A. is planning the establishment of clubs for American and French troops in Toulon and in the suburbs of that city.

### Y. M. C. A. NO LONGER TO MAINTAIN ARMY POST EXCHANGES.

Paris.—The American Y. M. C. A., at its own request, has been relieved of its work of maintaining the post exchanges with the American army. Correspondence exchanged between General Pershing and E. C. Carter, in charge of Y. M. C. A. with the army, shows the reason for this arrangement was that the Y. M. C. A. now has "increased responsibilities in promoting educational, athletic and entertainment activities in the American expeditionary forces," thus placing a rapidly increasing burden on its personnel.

General Pershing in a letter to Mr. Carter approving the change, expressed his thanks "for the very valuable services and assistance which the Y. M. C. A. has rendered to the American expeditionary force in handling these exchanges. General Pershing added:

"Handicapped by the shortage of tonnage and land transportation, the Y. M. C. A. has by extra exertion served the army better than could have been expected, and you may be assured that its aid has been a large factor in the final great accomplishments of the American army."

## SIXTY-THREE "Y" MEN DECORATED

Chicago.—The Y. M. C. A. carried the Red Triangle into the camps and trenches abroad at a cost of 53 lives, a sacrifice proportionately one-quarter as great as that in the American army, according to a statement issued by the national war work council of the Y. M. C. A. Of these fatalities 35 were due to disease, and the remainder to shell-fire, bombs, gas-fever, drowning and wounds. Ten of these were women, one of whom was killed by shell fire and the others in a German air raid.

There were also 55 non-fatal casualties. These were due principally to machine gun fire, shell fire, and motor transport accidents. Numerous cases of slight wounds and gasings which were attended at dressing stations, but were not reported to headquarters, are not included.

These casualties occurred in a force which at no time exceeded 9,000 workers, of whom it is reckoned that more than one-half were never sent to the front, being employed in the hundreds of huts maintained throughout the training areas and the "leave areas."

Sixty-three "Y" workers were decorated, while in all more than 152 received official recognition for distinguished service. Thirteen of these were decorated with the Croix de Guerre, while 49 received other decorations. Of these, three received the Distinguished Service Cross, three the Order of St. Stanislaus, five the Italian Cavaliere del Corona, 38 the Italian War Cross, and one the French decoration of the Corps d'Armee. Seven were cited for the Croix de Guerre, and seven for other decorations, six commended for meritorious conduct, and twenty-nine received honorable mention in dispatches. Several units were cited in their entirety, those serving with the Third division being cited twice. More than a score more reported decorations have not yet been confirmed.

Not one of these men under thirty was fit for military duty, but the citations show that they carried on with the same courage and spirit that identified Americans throughout the war. These records show that they went over the top with the assaulting waves, that they exposed themselves under machine gun and shell fire to minister to the wounded, that they worked indefatigably as stretcher bearers, and that they drove ambulances into the midst of battle to rescue the wounded.

Neale Bennett, Jr., is being cordially welcomed home, having been mustered out of the aviation service of the U. S. Army.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

### Ugly, Unsightly Pimples

#### Are Signals of Bad Blood

Give heed to the warning. Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like lamps of fire. They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin. Go to your drugstore, and get a bottle of S. S. S. today, and get rid of these unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

In Front of Court House Richmond, Ky.

Will offer for sale at public auction, 1 registered Percheron Stallion, 8-years-old, a grand horse to breed your mares to get work horses and mule mares bred with size, good bone and quick. Percherons are the best of the draft breeds. This horse is a great breeder and sure foal getter. If you are looking for a draft stallion be on hand and buy this fellow—you will make no mistake for we are getting so many big mares. A horse of this breed will make a big season, so don't overlook this fellow—he will be a money maker for you. I will then offer WALKING PRINCE

Chestnut Stallion, about 15½ hands, foaled 1912. Bred by J. H. Fields, of Versailles, Ky. Sire and dam registered. Registration guaranteed.

**OWNER'S STATEMENT**  
I found Mary Ramsey the finest and best mare in my locality to breed to Star McDonald, a fine saddle stallion for my own use, when the colt came, a chestnut, with good legs and good saddle lines I thought my venture a success. But before the colt was weaned, a stag broke into the pasture with the mare and foal and almost eat the colt, he bit him and bruised him terribly and when the colt came to life, he was minus one eye. I lost all interest in him, but my old negro, "Eli" now past 36 years old, took charge of him, and in due time, broke him to saddle. He proved to be a fine walking horse, Eli persuaded a few of our neighbors to breed to him. The colts all came walking. Eli claimed and collected what little was due. Since his colts began to show (oldest three years old), everybody wanted to breed to him. Eli is too old to attend to him and I have not the inclination. You will see a handsome well-made horse.

You will make no mistake in buying Walking Prince. A great bred horse, a walking horse himself and a breeder of walking horses. You know the whole world is looking for walking horses with class. C. C. Harris, of Lexington, sold a three year old filly the other day just bridled for \$300—not bad for a green colt.

At the same time and place will sell two or three good broke ponies and outfit; a lot of pony harness; some rigs. Sale at 1:30 o'clock, court day. Everybody be there, there will be some good stuff. I will also sell a first class delivery outfit, consisting of a horse and wagon both in good shape.

Health Is Worth Saving, and Some Richmond People Know How to Save It

Many Richmond people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Richmond citizen's recommendation.

Mrs. W. T. Mansfield, 187 S. Estill avenue, says: "I had backache and was run down and languid. My kidneys were weak. Doan's Kidney Pills relieved the backache and put my kidneys in good condition. Whenever I have any sign of kidney trouble, I have used Doan's Kidney Pills and they never failed to give me good results."

## COLDS AND FLU BEST TREATED WITH CALOTABS

New Variety Called Calotabs, Is Purified From Nauseating and Salivating Effects—Medicinal Virtues Retained and Improved.

According to the world's greatest physicians and medical authorities, calomel was the best and most universally used of all medicines. Medical authorities prescribed calomel for almost every disease and explained that it was the best and surest of all system purifiers. They say that calomel cleanses the liver, stomach, bowels and kidneys and purifies the blood from all poisons, making the system pure and clean so that nature can quickly restore the health.

Now that science has purified calomel of all its nauseating and dangerous qualities, the new kind of calomel called "Calotabs" is even more popular than the old. As a liver-cleanser and system purifier Calotabs are more effective than the old style calomel, yet are entirely delightful in effect. One Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, nor the slightest unpleasantness. Next morning you awake feeling fine, with a hearty appetite for breakfast. Eat what you please and go where you please—there is no restriction of habit or diet on danger of salivation.

Calotabs are sold only in original, sealed packages, price 35 cents. Your druggist recommends and guarantees Calotabs, and will refund your money if you are not delighted with them. 1t
